Foundational Learning Competency

Foundational Learning Competence

SAQA ID:88895

Credits: 40

Why Foundational Learning Competency?

- Foundational Learning Competence (FLC) is designed to enable the learner to access further qualifications, be more efficient and able to work and engage better in real-life situations by establishing a proper Foundational in their abilities to communicate efficiently and calculate, think critically, and solve problems in their everyday life, both at work and at home.
- FLC course duration is 4 months, consisting of two subjects, maths literacy and communication.
- Learners have a workbook to be completed during course, formative and summative assessments.
- At the end of the course an external exam takes place under IEB, Statement of results are issued under IEB.

ENTRY REQUIREMENTS

- Statement of Results in English and Mathematical Literacy for AET level 3
- Independent Education Board readiness assessment declaring the learner competent to start FLC

CAREER OPPORTUNITIES

- Enables a learner to enrol for any Occupational Certificate Qualification under QCTO.
- Entry to Occupational Certificate trades under QCTO
